LINCOLN

March 2002

Emissions Recall 02E18

Mr. John Sample
123 State Street
Somewhere, USA 12345

Your Vehicle Identification Number: 12345678901234567

Your satisfaction. Your world. Our priority.
At Lincoln, customers come first. That's why we are committed to building dependable vehicles that meet emissions standards for the environment. And because we care about quality – in our vehicles and in the world we live in – we are voluntarily recalling certain 2000 Lincoln LS vehicles built at the Wixom Assembly plant.

What is the emissions concern?
In affected vehicles, the thermostat may stick in the closed position, resulting in a higher temperature-gauge reading than usual. In most cases, this condition would not affect vehicle performance. However, the condition may cause the engine to overheat. This means that affected vehicles may not meet emissions standards. Because we are committed to your satisfaction and to the environment, we would like to service your vehicle without delay.

What Lincoln and your dealer will do for you ...
Lincoln will replace the thermostat in your vehicle, free of charge. Simply call toll-free at (800) 248-0186 and inform the Lincoln representative that you wish to have your vehicle serviced under Emissions Recall 02E18. Representatives are available from 7:30 a.m. to 7:30 p.m. Monday through Friday and 7:45 a.m. to 5:00 p.m. on Saturday (Eastern Standard Time).

Please have this letter with you when you call, as the Lincoln representative will ask for your Vehicle Identification Number (printed at the top of this letter). Arrangements will be made with the dealership of your choice to have parts available, and the dealership will call you to schedule an appointment. If you have not heard from your dealer within two working days, please call your dealer to request a service appointment. You need do nothing else except bring your vehicle to the dealership on the service date. If you do not have a servicing dealer, visit **www.dealerconnection.com** to locate the dealer nearest you.

How long will it take?
Repairs should take less than one-half day. However, due to service scheduling issues, your dealer may need your vehicle for a longer period of time.

If you have already paid for this service ...
If you paid to have this service done before the date of this letter, Lincoln is offering a full refund. Simply give your paid, original receipt to your dealer. To avoid delays, do not send receipts to Lincoln.

Need a rental vehicle?
Your dealer is authorized to provide a rental vehicle at no charge (except for fuel and insurance) while your vehicle is at the dealership for repairs. Please ask your dealer about this offer when you schedule your appointment.

Any questions?
Please contact us at **www.ownerconnection.com** if you have any questions about the information included in this letter.

You may also contact the Lincoln Customer Relationship Center, and one of our representatives will be happy to assist you.

Call: (800) 521-4140 toll-free
(800) 232-5952 (TDD for persons with hearing impairments)

Office Hours: 8 a.m. - 11 p.m. Monday through Friday (EST)
8 a.m. - 6 p.m. Saturday

Quality Care service is there for you.
Lincoln and its dealerships are here to provide you with superior service throughout your entire ownership experience. That's why we would like to make this repair to your vehicle at no cost to you. While we regret any inconvenience caused by the emissions recall outlined in this letter, we are committed to treating you, your vehicle and the world you live in with Quality Care. Once again, thank you for your attention to this important matter.
