Program 01B86

Mr. John Sample
123 Main Street
Anywhere, USA 12345

Your Vehicle Identification Number: 12345678901234567

Dear Mr. Sample,

At Lincoln, we believe that comfort is not limited to the confines of a classic vehicle. *True* comfort extends beyond plush leather seats and interior amenities. It involves knowing that your vehicle, your investment, has been protected against theft.

That's why the 2001 Lincoln Town Car has been designed with a SecuriLock™ Passive Anti-Theft System. This system uses a specially encoded key to help protect your vehicle when you're not around. If a nonencoded key or ignition bypass is detected, the ignition automatically disables itself, and your vehicle will not start.

Recently, it has come to our attention that the Passive Anti-Theft System in your vehicle may experience a communication error between the encoded key and the instrument cluster. As a result, you may experience difficulty starting your vehicle – even with the correctly encoded key.

What Lincoln will do for you ...

At Lincoln, your satisfaction is of the greatest importance. At no cost to you, your dealer will inspect your vehicle's instrument cluster. If the instrument cluster ID indicates it may be subject to the communication error, the unit will be replaced with a new one. Your dealer will need access to all vehicle keys, including your spares, in order to perform the service.

This program will be in effect until October 31, 2002, regardless of mileage. (After the program expires, the vehicle may still be eligible for this service under any remaining warranty coverage.) If you need a free rental car, your dealeris authorized to provide you with one while your car is being serviced. Please see the "Free Rental Vehicle" portion of this letter for more information.

How to schedule an appointment ...

Please contact your Lincoln Dealer without delay to schedule an appointment. You can visit **www.dealerconnection.com** to locate the dealer nearest you.

When you call, you should be ready to provide the dealer with your Vehicle Identification Number (located at the beginning of this letter). Ask the dealer for a service date for Customer Satisfaction Program 01B86. Please remember to bring all vehicle keys with you on the date of your appointment.

If you should experience a no-start condition before your scheduled service date, rotate the key back to the "OFF" position. Then slowly rotate it forward to the "CRANK" position. This will allow the Passive Anti-Theft System more time to initialize/communicate and will help you to get your vehicle started.

How much time is required for this service?

Instrument cluster inspection can usually be performed in less than one-half day. However, due to service scheduling issues, your dealer may need your vehicle for a longer period of time. If the inspection reveals that a new instrument cluster must be installed, your dealer will need to order parts. In this situation, your dealer will require your vehicle for a longer period of time.

When you bring your vehicle in, please show this letter to your dealer. If you misplace the letter, your dealer will still perform the service, free of charge.

If you need a free rental vehicle ...

Your dealer is authorized to provide a rental vehicle at no extra charge (except for fuel and insurance) while your vehicle is at the dealer for service. Please ask your dealer about this offer when you schedule your appointment.

If you've already paid for this service ...

If you paid to have this service performed before the date of this letter, Lincoln is offering a full refund. Simply show your paid original receipt to your dealer. To avoid delays, do not send receipts to Lincoln.

Any questions or concerns?

Please do not hesitate to contact us at **www.ownerconnection.com** if you have any questions about the information included in this letter.

You may also contact the Lincoln North American Customer Assistance Center, and one of our representatives will be happy to assist you.

Call: (866) 436-7332
(800) 232-5952 (TDD for persons with hearing impairments)

Office Hours: 8 a.m. – 11 p.m. Monday through Friday (EST)
8 a.m. – 6 p.m. Saturday (EST)

Your safety. Your satisfaction. That's the focus of Quality Care.

Lincoln is dedicated to providing you with superior service. We regret any inconvenience caused by this program, and we stand committed with our dealers to provide Quality Care service so that your vehicle maintains its peak performance levels throughout your entire ownership experience.

There's a peace of mind that comes with knowing your vehicle is safe, even when you are not around. With the 2001 Lincoln Town Car, you can rest easy. In *true* comfort. Because Lincoln has got you covered – inside of your vehicle and out.
