Safety Recall 02S38

Mr. John Sample
123 Main Street
Anywhere, USA 12345

Your Vehicle Identification Number: 12345678901234567

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

Ford Motor Company is conducting a safety recall to install an insert behind the driver seat lower seat trim on your 2002 Ford Thunderbird to eliminate the potential for the belt to contact the seat mechanism during a severe collision. Ford is taking this action because the driver seat belt was partially cut during a 35 mile per hour New Car Assessment Program frontal barrier impact test conducted by the National Highway Traffic Safety Administration. The belt did not fully separate and the test dummy was restrained throughout the test.

Seat belts are among the most important safety items in your vehicle and you should use them at all times. We encourage you to have this service performed as soon as parts become available. Parts to service this condition are expected to be available after July 15, 2002.

We apologize for this situation and want to assure you that, with your assistance, we will service this condition. Our commitment, together with Ford and Lincoln Mercury dealers, is to provide you with the highest level of service and support possible.

What the issue is …

During a New Car Assessment Program 35 mph frontal barrier impact test of a 2002 Thunderbird conducted by the National Highway Traffic Safety Administration (NHTSA), the driver side seat belt was partially cut by the seat mechanism.

What Ford Motor Company and your dealer will do ...

Ford wants to add an insert, which will not be visible, to the driver seat lower trim to eliminate the potential for the seat belt to contact the seat mechanism in a severe collision as simulated in the NHTSA 35 mph frontal barrier impact test. Ford Motor Company will service your vehicle free of charge (parts and labor).

What we are asking you to do …

After July 15, 2002 the date parts to service this condition are expected to become available, please call your dealer and ask for a service date for Safety Recall 02S38. If you do not already have a servicing dealer, please access www.dealerconnection.com for dealer addresses, maps, and driving instructions.

When you bring your vehicle in, show the dealer this letter. However, if you misplace this letter, your dealer will still do the work, free of charge.

How long will it take?

When parts become available, the time needed for this service is less than one-half day. However, due to service scheduling requirements, your dealer may need your vehicle for a longer period of time.

If you have changed address or sold the vehicle …

Please fill out the enclosed prepaid postcard and mail it to us so we can update our records. If you have sold the vehicle, the information you provide on the postcard will be used to notify the new owner about this safety recall.

If you have concerns …

If you have trouble getting your vehicle serviced promptly and without charge, please contact your dealership's Service Manager for assistance. If you still have concerns, please contact the Ford Motor Company Customer Relationship Center and one of our representatives will be happy to assist you:

Call (866) 436-7332
