At Ford Motor Company our focus is on quality and customer satisfaction. To maintain satisfaction with our Explorer and Mountaineer customers, we made the decision to continue using the 5.0L engine as an option for the 2001 model year.

Reason For This Program…

The decision to use the 5.0L engine for the 2001 model year was made after the Warranty Guide was printed for your vehicle. Therefore, the required 5.0L engine information was not included on the chart located on page 19 of your Warranty Guide. Ford Motor Company is sending you an updated chart to add to your Warranty Guide.

What we are asking you to do…

Please insert this letter in your Warranty Guide, between pages 18 & 19. The Warranty Guide and other owner literature were provided to you during the delivery of your vehicle and should be located in your glove compartment. **PLEASE SEE THE BACK OF THIS PAGE FOR THE WARRANTY GUIDE UPDATE.**

If you've changed address or sold the vehicle...

Please fill out the enclosed prepaid postcard and mail it to us so we can update our records. If you have sold the vehicle, the information you provide on the postcard will be used to notify the new owner.

If you have questions…

If you have concerns, please contact the Ford Motor Company Customer Relationship Center and one of our representatives will be happy to assist you:
