FUEL LINE CLIPS

AFFECTED VEHICLES: CERTAIN 2000 MODEL YEAR WINDSTAR

SERVICE PROCEDURE

1. Raise and support the vehicle.
2. **CAUTION: Orientation of the fuel line clips is critical. The prongs on each clip should face away from the fuel tank. Do not cover the blue release tab of the fuel fittings with the clips.**

   Install a fuel line clip to the fuel supply line and return line fittings located in front of the fuel tank as follows.
   - Snap the lower end of a fuel line clip onto each of the fuel lines, then slide the legs of each clip into the end of the fuel line fitting. See Figure 1.
