Service Recall Bulletin

July 2000

TO: All Ford and Lincoln Mercury Dealers

SUBJECT: Safety Recall 00S13: Certain Crown Victoria, Grand Marquis, and Lincoln Town Car – Vehicle Jacking Procedure.

AFFECTED VEHICLES

Certain 1998-2000 Model Year Crown Victoria, Grand Marquis and Lincoln Town Car vehicles built from Job #1, 1998 through June 15, 2000.

SAFETY CONCERN

The instructions in the owner guide in some of the affected vehicles, along with labels found in the jack stowage area, could be interpreted by the customer in a manner that would place the jack in an improper position for lifting a rear wheel.

If the jack is in the improper position and the diagonally opposite wheel is not blocked when attempting to raise a rear wheel, it may allow the jack to fold or collapse. If any portion of the operator's body is under the vehicle and the jack collapses, the potential for personal injury exists.

SERVICE ACTION

An owner guide supplement, a jack operating instruction label, a revised jack usage and stowage label, and a jack usage and stowage placard will be sent directly to owners, along with instructions on placement of the various pieces. Owners may install the revised instructions/labels themselves, or have the service performed by dealers at no cost.

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

Ford Motor Company has decided that a defect, which relates to motor vehicle safety, exists in certain 1998-2000 Model Year Crown Victoria, Grand Marquis and Lincoln Town Car vehicles.

What the safety issue is…

The instructions in the owner guide in your vehicle, along with labels found in the jack stowage area, could be interpreted in a manner that would place the jack in an improper position for lifting a rear wheel.

If the jack is in an improper position and the diagonally opposite wheel is not blocked when attempting to raise a rear wheel, it may allow the jack to fold or collapse. If any portion of the operator's body is under the vehicle and the jack collapses, the potential for personal injury exists.

What Ford Motor Company and your dealer will do...

An owner guide supplement, a jack operating instruction label, a revised jack usage and stowage label, and a jack usage and stowage placard are being sent directly to you, the owner, along with instructions on placement of the various pieces. You may install the revised instructions/labels yourself, or have the service performed by your dealer free of charge.

How long will it take?

The time needed for you to install the labels is minimal. However if you decide to have your dealer perform this service, due to service scheduling issues, your dealer may need your vehicle for a longer period of time.

What we are asking you to do if you wish the Dealer to perform this service…

Call your dealer without delay and ask for a service date for Safety Recall 00S13. Remember to bring in the label package when you take your vehicle to your dealer.

When you bring your vehicle in, show the dealer this letter. If you misplace this letter, your dealer will still do the work, free of charge.

If you've changed address or sold the vehicle…

Please fill out the enclosed prepaid postcard and mail it to us if you have changed address or sold the vehicle.

If you have concerns…

If you have trouble getting your vehicle repaired promptly and without charge, please contact your dealer's Service Manager. If you need further assistance, contact the Ford Motor Company Customer Assistance Center and one of our representatives will be happy to assist you:
