01B77 Firestone Wilderness AT Tires

02/25/2002

The Wilderness AT tire replacement program ends March 31, 2002. Be sure to check your Online Involved Unit Listing. The 01B77 listing is updated monthly to remove VINs that have had tires replaced. The updated list reflects vehicles that potentially still have Wilderness AT tires that were installed as original equipment. Some customers on the list will not be affected; however, contact every customer and schedule those with Wilderness AT tires for an appointment prior to March 31. Currently, the Online Involved Unit Listing is only updated for the 01B77 program and is located on QCDealer.com under Management Reports.
