If your dealership is handling a large quantity of orders for a rental agency, the order may be faxed to 1-800-998-1717 just like individual dealer orders. Detail the part #'s required and their quantities. Please be sure to print legibly. Unless noted otherwise, the order will be input as an emergency.

Your order sheet should include:

- Program name, 01S21
- Dealer contact first & last name (or whomever is ordering)
- Dealer P/A code
- Dealer name/address/city/state/zip
- Dealer contact phone # (or whomever is ordering)
- Contact fax #
- Rental agency name
- Part # required and quantity

The RNS-4G buckle, not the end-release buckle, is affected by 01S21. Please refer to the photo on QCDealer.com. This visual illustrates the differences between the RNS-4G buckles affected by 01S21 and the earlier level buckles which are not affected.

SIR stands for Seat Integrated Restraints. This means the seat belt retractors are incorporated in the seat versus the non-SIR vehicles, which have the retractors in the B-pillar.
