FORD MOTOR VEHICLE ASSURANCE COMPANY
NEW VEHICLE LIMITED WARRANTY

2001 MODEL PASSENGER CARS AND LIGHT TRUCKS
(REPAIRS PERFORMED ON OR AFTER JANUARY 1, 2001)

The New Vehicle Limited Warranty for 2001 model passenger cars and light trucks detailed in the Warranty Guide is modified. The Bumper-to-Bumper Coverage is being expanded to include a tire warranty as follows:

Bumper-to-Bumper Coverage
Under your New Vehicle Limited Warranty, Bumper-to-Bumper Coverage begins at the warranty start date and lasts for three years or 36,000 miles, whichever occurs first (four years or 50,000 miles, whichever occurs first for Lincoln vehicles). During this coverage period, authorized Ford Motor Company dealers will repair, replace, or adjust all parts on your vehicle that are defective in factory-supplied materials or workmanship. Items or conditions that are not covered by the New Vehicle Limited Warranty are described in Chapter 3 of the Warranty Guide.

Two separate warranties apply to the tires on your new vehicle. The New Vehicle Limited Warranty provides no cost coverage by Ford Motor Company for tire repairs, replacements, or adjustments due to defects in factory-supplied materials or workmanship during the Bumper-to-Bumper Coverage period. The tire manufacturer also provides you with a separate tire warranty that may extend beyond the Bumper-to-Bumper Coverage period. You will find the manufacturer's tire warranty with the owner literature supplied with your vehicle.

During the Bumper-to-Bumper Coverage period, your authorized Ford Motor Company dealer has the equipment and desire to ensure your complete satisfaction at no out-of-pocket cost to you. In addition, you have the option of having a tire warranty repair performed by the tire manufacturer's authorized service center. If you go to a tire service center during the Ford Bumper-to-Bumper Coverage period for a covered repair (replacement or adjustment), you may be charged a prorated amount for wear or other charges. If so, you should present your paid invoice detailing the nature of the charges to any Ford Motor Company dealership for refund consideration.

When making warranty repairs on your vehicle, the dealer will use Ford or Motorcraft parts or remanufactured or other parts that are authorized by Ford. In certain instances, Ford may authorize repairs at other than Ford dealer facilities.

What's Not Covered (Tire Wear or Damage):
As typically is the case with tire manufacturer warranties, normal wear or worn-out tires are not covered by the New Vehicle Limited Warranty. Road hazard damage such as cuts, snags, bruises, bulges and impact breaks (potholes and curbs) are not covered. Any damage caused by a puncture or tire repair is not covered. In addition, damage from improper inflation or alignment, tire chains, racing, spinning (as when stuck in snow or mud), improper mounting or dismounting is not covered

NOTE: The provisions under "What is Covered", "What is Not Covered", and other terms of the New Vehicle Limited Warranty continue to apply. Keep this supplement with your Warranty Guide and refer to your Guide for additional information.
