IMPORTANT NOTICE REGARDING THE ATTACHED RECALL

Please note that Safety Recalls 00S52, 00S53 and 00S54 appear very similar to each other.

However, each of these recalls covers a specific repair for a different group of vehicles. No vehicle is involved in more than one of these Recalls.

BE VERY CAREFUL TO CHECK OASIS AND ATTACHMENT III OF EACH BULLETIN TO MAKE SURE THAT THE PROPER RECALL AND THE PROPER REPAIR IS COMPLETED ON EACH VEHICLE.

ALSO, ATTACHMENT III SPECIFIES REPAIRS THAT ARE VIN SPECIFIC OR APPLY TO ONLY CERTAIN MODULE SERIAL NUMBERS.

Recall 00S52

- Only 215 vehicles involved
- All 215 vehicles require repair – no inspection required
- NOT ALL VEHICLES GET THE SAME PART REPLACED
- VIN charts in Attachment III specify which part to install on each vehicle

Recall 00S53

- Inspection of approximately 17,000 vehicles required to find 89 suspect Front Crash Sensors
- Inspection of Serial Number on Front Crash Sensor required only vehicles that fail Serial Number inspection require part replacement
- VIN chart in Attachment III specifies which Serial Numbers require replacement

Recall 00S54

- Only 815 vehicles involved
- These vehicles previously received a new Restraint Control Module under Safety Recall 00S26
- Serial Number on Restraint Control Module must be inspected to find 11 suspect modules

December 2000

TO: All Ford and Lincoln Mercury Dealers

SUBJECT: **DEMONSTRATION/DELIVERY HOLD**: Safety Recall 00S53: Certain 2001 Model Year Windstar and Lincoln Town Car Vehicles – Inspection of Front Crash Sensors

AFFECTED VEHICLES

- Certain 2001 Windstar vehicles built September 7, 2000 through September 28, 2000 at Oakville Assembly Plant
- Certain 2001 Lincoln Town Car vehicles built September 5, 2000 through September 29, 2000 at Wixom Assembly Plant

REASON FOR THE DEMONSTRATION / DELIVERY HOLD

The subject vehicles may have a front crash sensor that may have been assembled by the supplier with one or more of the screws that mount the circuit board in the housing missing. If some or all of the screws are missing, the performance of the occupant restraints could be affected. In some cases, less than the intended level of occupant restraint could be available in the event of a vehicle crash.

SERVICE PROCEDURE

At no charge to the owners, dealers will inspect the serial number of the front crash sensor. If the serial number of the front crash sensor is on the suspect list it will be replaced. The removed front crash sensor will be mutilated and scrapped.

PLEASE NOTE

Correct all vehicles in stock before delivery. Federal law requires dealers to complete any outstanding safety recall service before a new vehicle is delivered to the buyer or lessee. Violation of this requirement by a dealer could result in a civil penalty of up to $5,000 per vehicle.

DEALER-OWNER CONTACT AND OWNER LETTER MAILING

If you have recently sold one of the affected vehicles and not yet notified Ford Motor Company of the sale, please contact that owner immediately and provide them a copy of the owner letter.

LINCOLN COMMITMENT SPECIAL HANDLING PROCEDURE

The Lincoln Commitment Special Handling Procedure has been activated for all Lincoln owners affected by this recall. Please see dealer announcement dated 12/17/98, Lincoln Commitment Special Handling Procedure (Attachment IV). The special handling procedure provides additional allowance to enable dealers to offer Lincoln owners convenient vehicle handling.

Lincoln Mercury is asking for your support and the cooperation of your sales and service teams to make this a positive experience for our Lincoln Town Car customers.

LOW VOLUME RECALL

This recall is being processed as a Low Volume Recall. This type of field action was announced in an All-Dealer letter dated May 10, 1999. (See Attachment V)

Owners will be contacting the Low Volume Recall Coordination Center to arrange for this service. We will advise you via MORS III of the owners that chose your dealership to perform the service provided by this Recall program. The parts will be ordered for you by the Program Coordination Center.

You are requested to contact the owner and arrange for this service. (Note that our Coordination Center will advise owners that they will hear from you within the next two business days.)

Subject: Announcing Lincoln Commitment Special Customer Handling Procedure for Certain Recalls and Owner Notification Programs

As part of our ongoing commitment to Lincoln customers, we are pleased to announce the Lincoln Commitment Special Customer Handling Procedure to provide additional dealer compensation for certain Recalls and Owner Notification Programs(ONP's) that affect Lincoln brand vehicles.

This additional compensation is being provided to allow dealers to provide personalized service designed to make the recall repair a positive experience for the Lincoln customer, many of whom are new to the Lincoln family.

Each Recall/ONP Bulletin affecting Lincoln vehicles will indicate whether the Lincoln Commitment Special Customer Handling Procedure is authorized; please note that not every Recall/ONP will qualify for this procedure and that the procedure will not be communicated to customers as a normal benefit of the Lincoln Commitment Program. Special handling and claiming instructions are included on the attached page. This program will apply only to Lincoln vehicles which have been delivered to customers.

We ask you to make maximum usage of these special enhancements to the Lincoln Commitment Program when applicable. Thank you in advance for your support of this program and our commitment to surprise and delight our Lincoln customers.

Part Procurement Process for Low Volume Programs

Subject: Updated Part Procurement Process For Low Volume Recalls

The purpose of this communication is to update the process for dealer acquisition of service parts for certain Recalls/Owner Notification Programs with a small number of involved vehicles.

Background:

- Situations where Recalls/Owner Notification Programs have a small number of involved units require special handling.
- There are no controls in the parts system to prevent the over-ordering of parts in low volume situations.
- Many dealers order one or more parts even if they do not have an involved unit to insure customer satisfaction. This can result in parts in the inventory of dealers who do not need them and exhausted supply for dealers who do need them.
- With existing procedures, there is a cost to the Company and the Dealers (handling, returning, scrapping, etc.).

What's "Small Volume"?

- Generally, recalls, or ONP’s involving 5,000 or fewer vehicles.

What We Propose

- Procedure to better manage "Parts-To-Affected-Vehicle" process.
- Vehicle owner (retail customer/fleet/dealer) requested to contact a "process facilitator" via a special 1-800 toll-free line or with a special postcard provided with the owner letter.
- Process facilitator verifies VIN/Owner information and works with owner (or dealer) to identify repairing dealer.
- Process facilitator inputs part order and sends a MORS III message with Customer/VIN/part shipping information to the identified repairing dealer.
- Dealer would be charged for the part at the lowest acquisition cost.

What's Different:

- Owner asked to call special toll-free line or send back special postcard.
- Parts would not be available through the normal parts ordering system.
- Owners would need to have an appointment.

Dealer Benefits:

- Eliminates back-orders—guarantees part availability.
- Increases customer satisfaction with your "Service Experience"
- New process will enable dealers to initiate pro-active service scheduling—with the information we will provide on the MORS III message, you call the customers to arrange a service appointment knowing that the part will be there and the customer's vehicle needs service.

Additional details will be provided as specific Recalls/Owner Notification Programs suitable for this process are launched.

We ask that you share this procedure with your parts and service personnel to insure they are aware of this process.

Mr. John Sample
123 Main Street
Anywhere, USA 12345

Your Vehicle Identification Number: 12345678901234567

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

Ford Motor Company has decided that a defect which relates to motor vehicle safety exists in certain 2001 Model Year Windstar and Lincoln Town Car vehicles.

We apologize for this situation and want to assure you that with your assistance we will correct this condition. Our commitment, together with Ford and Lincoln Mercury dealers, is to provide you with the highest level of service and support possible.

What the safety issue is….	Your vehicle may have a front crash sensor that may have been assembled by the supplier with one or more of the screws that mount the circuit board in the housing missing. If some or all of the screws are missing, the performance of the occupant restraints could be affected. In some cases, less than the intended level of occupant restraint could be available in the event of a vehicle crash.
What Ford Motor Company and your dealer will do...	Ford Motor Company will inspect and, if necessary, install a new front crash sensor in your vehicle free of charge (parts and labor).
How long will it take?	The time needed for this repair is less than one-half day. However, due to service scheduling issues, your dealer may need your vehicle for a longer period of time.

What we are asking you to do…

Please call toll-free 1-800-248-0186 and inform the Ford representative that you wish to have your vehicle serviced under Safety Recall 00S53. Representatives are available 7:30AM to 7:30PM Monday through Friday, and 8:00AM to 3:00PM on Saturday (times are Eastern Time).

Please have this letter with you when you call. The Ford representative will ask for the serial number of your vehicle. The serial number is printed on the top of this letter.

Arrangements will be made with the dealership of your choice to have parts available. The dealership will call you to schedule an appointment. If you have not heard from your dealer within two working days, call your dealer to request a service appointment. You need do nothing else except bring your vehicle to the dealership on the service date.

When you bring your vehicle in, show the dealer this letter. If you misplace this letter, your dealer will still do the work, free of charge.

If you've already paid for this service…

If you paid to have this service done before the date of this letter, Ford is offering a full refund. For the refund, please give your paid original receipt to your dealer. To avoid delays, do not send receipts to Ford Motor Company.

If you've changed address or sold the vehicle…

Please fill out the enclosed prepaid postcard and mail it to us if you have changed address or sold the vehicle.

If you have concerns…

If you have trouble getting your vehicle repaired promptly and without charge, please contact the Ford Motor Company Customer Relationship Center and one of our representatives will be happy to assist you:
