Continental Recall Replacement Tire Ordering Instructions

Order tires through your local Continental Tire Distributor following the normal Around the Wheel process. If tires are not available locally or if an emergency order needs to be expedited, place orders through the Ford Tire Hot Line Continental Recall Team. Use the appropriate attached order form and fax or email to the Hot Line as indicated on the form. Emergency Orders will be expedited if you provide the customer name and a valid recall VIN with your order.

The Ford Tire Hot Line will acknowledge receipt of all orders within 4 business hours (EST). They will place an order for your dealership. Do NOT place a duplicating order with the supply point. The Ford Tire Hot Line will assign a unique order tracking number and will request that the supply point provides the number when scheduling delivery and upon the delivery document form.

If you need assistance, contact the Ford Tire Hot Line Continental Recall Team at 866-588-6586.
