**SUBJECT:** **Owner Notification Program 01B73:** Certain 2000 Model Year Focus - Sony Limited Edition Vehicles – Subwoofer Speaker Replacement

OASIS: Yes

OWNER LIST: Refer to QCDealer.com Online Involved Unit Listing

PARTS RETURN: Follow the provisions of the Warranty and Policy Manual for "Parts Retention and Return Procedures".

PROGRAM TERMS: This program will be in effect until October 31, 2001, regardless of mileage.

## AFFECTED VEHICLES

Certain 2000 model year Focus - Sony Limited Edition vehicles, built at the Wayne Assembly plant from February 14, 2000 through June 1, 2000.

## REASON FOR PROGRAM

Ford and Sony Electronics have determined that under sustained maximum volume conditions, the subwoofer speaker in the Sony Audio System may become damaged, resulting in reduced audio system performance.

Accordingly, at the owner's discretion, Ford and Sony Electronics will replace the vehicle's current subwoofer speaker with a redesigned subwoofer speaker.

## SERVICE ACTION

Dealers are directed to replace the vehicle's current subwoofer speaker with a redesigned subwoofer speaker.

## MODIFIED LOW VOLUME OWNER NOTIFICATION PROGRAM

This action is being processed as a modified "Low Volume Owner Notification Program". This type of action was announced in the revised All-Dealer letter dated May 10, 1999. A copy of that letter is attached (see Attachment IV).

Owners will be contacting a Program Headquarters Representative to arrange for this service to be performed. We will advise you via MORS III of the owners that choose your dealership to perform the service provided by this Owner Notification Program. The Program Headquarters Representative will also order a service parts kit for you.

Program Headquarters personnel will contact your dealership on behalf of the vehicle owner to arrange a date for service. Please ensure that your service department and scheduling personnel are familiar with the details of this program.

## ENHANCED CUSTOMER COMMUNICATION INFORMATION

A special owner letter and mailing method has been developed for this service action. Most of the owners will receive a CD jewel case which includes the owner letter, and a free write-able CD to use with their new subwoofer. Other owners will receive the standard owner letter. The owners who receive the standard letter are considered a 'control group', and will be used as part of a process to determine customer reaction to the special owner letter. Copies of both letters are included as part of this bulletin.
